

Patent Professionals Sought – Full Time Position

Dublin 2 (Hybrid)

Purdy Lucey is one of Ireland's leading firms of European Patent Attorneys offering a range of Patent, Trademark, Copyright and related professional services to clients in the areas of Life Science, High Tech, Engineering, Material Science, Medical Device/Medical Technology, and Food Technology.

Our broad client base represents private and public companies, research institutes and individuals each of whom are pioneers in their field. They are achieving global recognition, pushing the boundaries, and developing ground-breaking patents.

Who are we looking to hire:

We are looking for patent professionals, with varying degrees of experience, to join our rapidly growing Life Sciences, Medical Device/Medical Technology, and Information and Communications Technology (ICT) teams in Dublin, Ireland.

Candidates with IP experience ranging from trainee (little or no IP experience) to fully qualified patent attorneys will be considered.

The ideal candidate must be degree-qualified (or higher) in a biological science, chemistry, biotechnology, medical device, electrical or electronics engineering, computer systems engineering, information and communications technology (ICT), software engineering or a related field.

Registration as an Irish, UK, and/or European patent attorney is valued but not essential as PurdyLucey will commit to training and registration of the right candidate(s).

Industry experience where you have applied your knowledge of life science, pharmaceuticals, medical device, electronics, computer systems, and/or ICT will be highly regarded.

You must have:

- strong analytical and problem-solving abilities,
- exceptional technical knowledge,
- an eye for detail,
- excellent written and verbal communication skills,
- advanced Computer skills and database researching skills,
- business acumen and willingness to engage with existing and prospective clients, and
- good interpersonal skills and ability to work effectively with colleagues in an office environment.

Your key responsibilities will include:

- Drafting and prosecuting patent applications in Ireland, UK, Europe and internationally,
- Preparing high quality written and verbal IP advice in a timely manner,
- Patent portfolio management for local and international clients,
- Preparing and delivering presentations internally and externally,
- Participating in networking events, seminars, and business development activities.

About our workplace

PL prides itself on valuing its people and the diversity and innovative thinking our employees bring to our business. Our culture is built on principles of inclusion, respect, and integrity. Our employees enjoy challenging work in a collegial team-based environment with a genuine work/life balance.

How to Apply
